

FOOD AVAILABILITY ON CAMPUS AND IN OUR IMMEDIATE AREA

Wed 1/26/2022

To The College Community,

Panda House Food Services will return to campus and begin operations on Monday, February 28, 2022.

While we realize it is inconvenient having the cafeteria closed during the Winter Module, I am writing to let you know what food is available on campus and in our immediate area.

There is a fresh food vending machine that was just filled yesterday with fresh salads, sandwiches, wraps, muffins and microwaveable items. This machine is located in corridor in front of the Library. In addition we have over 60 vending machines on campus with an assortment of beverages, and snacks. These vending machines are located throughout our campus. We also have a hot coffee machine located in the T4 Building on the first floor.

Right outside our campus gate on Oriental Boulevard, the deli, Tozt, is open Monday through Friday from 8 a.m. to 4:30 p.m.

If you have any questions, please contact my office.

Thank you.
