

## College Athletics Coach Certificate Program

---

For most people, the exciting world of College Athletics begins through the coaching ranks. Many of those interested candidates begin their tenures at the NCAA Division III level. Colleges are routinely hiring coaches! The CUNY system has a wide-range of offerings in NCAA Division III (9 schools), Division II (1 school) and NJCAA (6 schools), which allows coaches to gain experience and improve their coaching and administration skills before deciding whether or not to remain in college athletics Division III, or move through the ranks to NCAA Division I, where the pressure and salary can be sky high.

*CTF 130* **College Athletics Coach** **\$300**  
Wed 6:45-9:45pm  
Oct 9-Dec 18

This course will help better prepare you for the College Athletics and Coaching world. You will learn the necessary skills required for a successful athletics career in academia. In this course, you will explore the magnitude of counseling, leadership, recruitment and planning skills needed to be a successful college coach while also learning essential administrative skills such as media relations, marketing, budgeting, compliance rules and more. This course will be taught by Mr. Zak Ivkovic, CUNYAC Commissioner.

**Note: Some class dates and time will be off campus, onsite of an athletic event. This information will be provided to students in class by the instructor.**
