

Customized Training Programs for the Workforce

Are you a small business owner or do you supervise several employees in your department?

Are you looking to enhance the skill-sets of your workforce?

Are you looking to help your business or department grow?

Then Kingsborough Community College's Continuing Education Department has the solution to your training needs with a faculty of subject-matter specialists and professionals versed in solutions-oriented programs, for you.

At Kingsborough, we can design custom-tailored solutions to help your employees grow and your business thrive.

We offer training programs based on your specific needs, following an assessment analysis and input from you. We can provide the training at your site, a mutually agreeable location, or on the beautiful 70-acre campus of Kingsborough Community College. We can work around your schedule as well as provide any necessary textbooks or material needed for the specific program.

If your business is centered around healthcare, such as a medical facility, an HMO, Nursing Home, Senior Center, Assisted Living Facility, or a physician, we can provide the necessary training to help you run a smooth and efficient business. Our Healthcare Studies Professional Institute can provide specialized training in many of the health care related areas, by providing subject-matter specialists with real-life experiences.
