An intensive course for high school students preparing for the SAT on Dec 7. Certified instructors provide review and practice under simulated test conditions to help prepare students for the **NEW** verbal reasoning, optional essay portion, and problem-solving skills measured by the revised test. Study skills, coaching and test-taking tips are provided, as well as individual and group conferences with a certified college counselor. A workshop for parents and guardians is included in the last session.

The textbook required for this course is *The Official SAT Study Guide* (2016 edition) published by the CollegeBoard, ISBN# 9781457304309. It should be brought to all class sessions.

Note: Please bring lunch as break time is limited.

All course titles with a (T) require a textbook.
