<b>Department of Health, Physical Education and Recreation</b>	
AIV. 1.1 HS 6000, Urban Agriculture: Social, Cultural, and Health Perspectives	
Prerequisite: NONE	
Corequisite: NONE	
Pre/Co-requisite: NONE	
Credits: 3	
Hours: 3	
<u>Description:</u> Within the context of the US food system, students will examine the role of urban agriculture and its impact on local communities. Students will gain the ability to critically analyze current trends in urban agriculture and apply them to societal, cultural and health issues associated with the US food system as well as develop strategies to implement healthy eating in their own lives. Issues of food justice and healthy food access will be addressed. Demonstrations and workshops on the KCC Urban Farm will be included.	
<b>B. Department of History, Philosophy, and Political Science</b>
