

Incoming Freshmen

The Summer Immersion Program offers **FREE** workshops in math and English to incoming CUNY students who place into math and/or English developmental courses.

The many benefits of Kingsborough's Summer Immersion Program:

- All workshops are **FREE** of charge.
- Students have the opportunity to complete English and/or math developmental requirement before the fall semester begins.
- Immersion Program workshops have been specifically designed to help students meet their English and math developmental requirements.
- Day and evening workshops are offered to accommodate a variety of schedules.
- Academic, career and personal counseling are available.

Registration Is Easy

- Call or email the Immersion Program Office. Our phone number is 718-368-5358 and our email is Immersion@kbcc.cuny.edu
- All workshops have a limited number of seats which are filled on a first-come first-served basis.
